

DJ DREEA

ABOUT DJ DREEA

I am Chicago's only MBE/VBE/WBE certified DJ. My open format, multi-platform artistry has allowed me to play at various private, public, corporate events and venues.

I was introduced to DJing when I was in High School. My younger cousin – DJ Khris Lust, showed me the ropes on the equipment he and his “crew” had at the time. I made my first House mix tape back in 1986. Fast forward 20 years...and while living in Champaign, IL hanging out at a friend's house, I discovered that

“all-in-one” DJing systems were available. Within a week, I had one of my own...and as they say, the rest is history. I haven't stopped mixing!

I got paid for my first gig in 2008. Over the years, I've had the pleasure of opening for some of Chicago's top Professional DJs. In 2015, with 7 years of experience, I attended Scratch DJ Academy. I graduated in May 2016. Ever since, I have been able to leverage the knowledge that I gained and the relationships that I created. In 2018, my mixes

began to get featured on WKKC's radio station, 89.3 FM on Fridays at 4pm. The program is now known as Friday Night Audio, which showcases house music all night long. My talent and love for music is exhibited weekly via both recorded and LIVE performances.

It's DJ Dreea Muzic time!
